

We serve with Impact World Tour, an evangelism ministry of YWAM, as City Coordinators. In a region committed to the IWT outreach, we help facilitate local committees and oversee the administration and arrangements for Tour events. Like all YWAMers, we trust God for our own financial support through the generous gifts of friends, family, fellow believers and churches.

Impact World Tour uses international performing arts, sporting and musical groups in campaign style evangelism, throughout the world to provide effective, relevant and cutting-edge methods for the local church to express the Gospel.

**IWT has 3 broad aims:**

- to strengthen existing church ministries
- to help reach the lost in partnership with local churches
- and to challenge the church with a call to missions.

## impactnewzealand

*How did we get started?*

*We joined YWAM in March, 2000, doing our Crossroads Discipleship Training School in Lakeside, Montana. We arrived in Auckland, New Zealand, in January, 2001, when we made the transition to Impact World Tour. We will be working as city coordinators in and around Auckland and the north end of the North Island of New Zealand.*

*The tours will begin in December, 2002, with a six month plan to host events in all regions of North Island, and South Island by the end of June, 2003. We believe that Auckland may become the Pacific Regional center for Impact World Tour—Pacific and Asia.*
